Vincent Berdez

Vincent Beudez

Photographer - Travel blogger - Northern lights hunter

Presentation

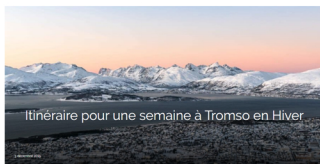

Solo traveler and photographer, slow tourism devotee, I created Vincent Voyage to highlight the beauties of our world, that surround us and we tend to forget, to share my travels and photographs and mostly to bring smiles and make people travel. My credo: it's all about landscapes, not me. It's not a blog about Vincent that travels, but about travels. Simply, naturally, visually.

Specialized in wild landscapes, nordic countries, northern lights and South America, I wander all around the world, trying to avoid the crowd.
